HISTORIC AMERICAN ENGINEERING RECORD

PERSON COUNTY BRIDGE No. 35
HAER NC-23

Date: ca. 1910

Location: Spanning the South Flat River on State Route 1120, near Hurdle Mills, North Carolina

Built by: Champion Bridge Company

Owner: North Carolina Department of Transportation

Significance: The Person County Bridge No. 35 was built in the early teens by the Champion Bridge Company of Wilmington, Ohio. It spans 83 feet and is divided into five equal panels. The trusses contain the characteristic intermediate post design of the Champion Company. The webs of the riveted channels are cut to allow the passage of the pins in the joints. All of the tension members have loop-welded eyes.

Historian: George Fore, 1979
